

SPECIFICATION

Please amend the specification as follows:

On page 22, line 6:

Figure 7a shows an exemplary scaled composite image 702 on a display 700.

On page, 24 line 4:

Display 780 includes scaled composite image 703 of Figure 7b.

On page 24 lines 19-21:

Text 804 704 is displayed on the remainder of the screen. In the present embodiment, text 804 704 is generated in step 507 of Figure 5 by transcoding the remainder of HTML page 600 using normal transcoding methods.

On page 25 lines 4-6:

However, the resulting display 800 includes extensive text 804 704 which is viewed by scrolling down until all of text 804 704 has been displayed.
